> Rooftop Tents

From rugged overland excursions to simply sharing time with family outdoors, roof top tents allow you to go beyond the boundaries and explore the world from above.

> 4 categories, 1 tagline, 1 brand

Thule is a premium outdoor and lifestyle brand that helps you transport anything you care for. We believe in the value of an active life - whether you're in the city or the great outdoors. Our brand essence is summarised in three words:

Bring your life

New

> Thule Outset

Experience the revolution in outdoor living

The Thule Outset hitch-mounted tent will elevate your outdoor experience and offer unparalleled comfort, ease of use, and great accessibility.

New

Choose to deploy the tent from your vehicle or detach it if you want to use your vehicle but keep your camp setup

Tent locks to car or can be locked when not attached to car in camp

The spacious interior lets you sit up inside tent, great for comfortably hanging out with friends and family

Its low height ensures easy access for children, seniors, and pets

Wheels on the tent allow one person to easily roll it to your vehicle and the intuitive installation system makes it easy to install on your hitch

Tent tilts so you have access to the trunk

> Thule Outset \$4,300

Experience the revolution in outdoor living

Provides the comfort of home

With panoramic views and a spacious interior, the tent is a comfortable setting for you and your companions. Accessibility is a key feature of Thule Outset, as its low height ensures easy access for everyone, including children, seniors, and pets.

Convenience is key

Mounting the tent on your car's hitch requires only one person, simplifying the setup process. Once you have set up camp at your destination, simply detach the tent from your vehicle if you want to take a day trip with the car. The tent can be securely locked at the campsite, providing peace of mind.

A rear-of-car solution with minimal impact

With its position at the back of your car, Thule Outset is a great option if you don't want to carry anything on the roof of your vehicle or if you want to leave the roof free for other gear. Not only that, but the aerodynamic rear location of the tent means little to no impact on fuel economy or battery range.

> Thule Approach

The next level in rooftop tents: more space, more comfort, more adventures

On top of the world, on the top of your car. Thule Approach is a tent that makes adventure travel easier, more comfortable, and more fun. The rooftop tent maximizes interior space, giving you a great place to hang out in, as well as a comfortable night's sleep. For an even more spacious experience, the tent is compatible with an annex or awning (sold separately).

New

Quick to set up: unzip the travel cover, unfold the base and you are ready to camp in under 3 minutes

Huge windows for stargazing and ventilation

Modern shape creates an extra spacious interior

Versatile rain cover with 3 modes of protection

Lockable mounting brackets install tent on car in minutes

Thick, dual-layer foam mattress has a supportive bottom foam layer and a soft upper layer for a luxurious camping experience

Spacious, comfortable interior

The modern tent shape with an outward-angled entrance maximizes interior space, and the premium, dual-density mattress creates a luxurious camping experience. Every Thule Approach tent is compatible with an annex or awning (sold separately) that adds even more sheltered space for you and your gear, kids, dog, or camp kitchen.

Panoramic skylights and windows for stargazing

The large windows offer optimal views of the stars above, bring you closer to nature, and keep your tent cool and well ventilated. Skylights on the rain cover let you look outside even during the worst weather.

Innovative mounting brackets let you attach the tent to your car in minutes

The tent's innovative mounting brackets allow you to install the tent on your roof in just minutes - half the time of traditional rooftop tents. The mounting hardware also locks the tent to your roof racks for added security.

New

Adjustable height fits a wide range of vehicles. Recommended for vehicles where the distance from the ground to the base of the tent is 65 to 85 inches

Skylight at the top of the annex lets in light and keeps the tent bright

Front and side doors can be rolled up to transform the enclosed annex into an open awning

Removable tarpaulin floor keeps gear dry and clean

Doubles the living space of your rooftop tent

Doors roll up to turn the annex into an open awning

Height adjustable to fit a wide range of vehicles

> Thule Approach Annex

More indoor space for your outdoor adventures

Thule Approach Annex extends the footprint of your rooftop tent to give you more space to change clothes, cook, hang out and store your gear. It is a great shelter from sun, rain or bugs and can be used as a sleeping spot for kids. As a bonus, the two doors can be rolled up to turn the annex into an awning.

Made with water resistant and lightweight polyester that provides shelter from sun and rain

Move freely in and out of the tent with the awning attached

Grey-colored fabric absorbs less heat from the sun, keeping the living space cooler

Easy to install—simply zip to the tent and setup the poles and tie down lines

Sturdy, height adjustable aluminum poles

> Thule Approach Awning

Weather-proof your campsite

The Thule Approach Awning helps eliminate the worries of unpredictable rain storms and provides needed shade on hot days. It also expands your campsite to create more social space.

Thule Basin

Model name: **Model number:** 901017 **Price:** \$3,499.95

The ultimate hybrid system that combines a rooftop tent and cargo carrier all in one. Thule Basin pops up in under a minute and the hard-shell exterior makes this rooftop tent suited for harsh weather conditions.

FEATURES

Quick setup - from closed to ready for use in less than a minute

Pops straight up to provide a spacious living area

Versatile design converts rooftop tent for up to two people into a spacious cargo carrier

Patented canopy zipper system allows for easy conversion between a tent and a cargo carrier

Release both ends to open as a rooftop tent or, when converted to a cargo carrier, open one side to easily access gear

Easy to install mounting brackets securely lock the tent to your vehicle, feature a torque limiter to always ensure a safe install, and take half the time to install compared to traditional mounting systems

Insulated roof to help control the temperature inside the tent and reduce noise

Weather resistant, durable and breathable canopy for extra protection and comfort

Includes a telescoping ladder that attaches to either side for easy access

Includes a foam mattress with removable cover for added comfort

Thule Foothill

Model name: **Model number:** 901250 **Price:** \$1,999.95

Thule Foothill is a rooftop tent for 2 adults that folds compactly and preserves valuable space on your roof for bikes, kayaks, and other cargo for your next adventure.

FEATURES

Folds compactly to preserve valuable space on your roof for bikes, kayaks, and other cargo

Aerodynamic profile when driving provides a smaller footprint to store in the off-season

Despite a compact travel size, the interior is just as spacious as a traditional 2-person rooftop tent

Features a wide entry, oversized panoramic rear window and dual skylights for maximum airflow and enhanced stargazing

Telescopic internal frame poles allow for easy, one-person setup and breakdown

Low-profile, symmetrical design allows the tent to be mounted on either side of your vehicle

Includes a plush, low profile 4cm foam mattress with removable, machine-washable cover

Exterior attachment points for lamps, storage solutions, or other gear to make a cozy, more personalized camp

Weather-resistant and durable main tent fabric withstands harsh weather conditions and is breathable to reduce condensation build-up inside the tent

The tent's internal pockets provide extra space to store items
